7 program days, trainer will come pick dog up in the morning and train dog throughout the day. Evening sessions with trainer and client after each of the training days will occur to go over work. There is no in-home training with this program as the introduction of the e-collar requires at least two weeks of outdoor adventure, fun and love before use in the house.

*During the training process, if Trainer determines the Dog is unsafe to be off leash due to behavioral issues including (but not limited to) aggression, reactivity or anxiety, Client has the ability to retract Dog from the Training Program and receive a partial refund in the amount decided upon by the Trainer. If it is agreed upon by all parties that the

Dog is to remain in the Camp, the off-leash recall will be replaced with a long-leash recall to ensure the safety of Dog, Trainer and Client.

There is no lifetime guarantee of commands with the dog. Client agrees to maintain and upkeep training. Client understands any further work after 5 days will cost a lesson fee of \$75 per session.
